Carey Says His Job Public Trust

Head of Cancer Campaign Says Goal Is in Sight for This Year

Francis B. Carey, general chairman of the cancer drive in Ulster county, has issued the following statement in which he regards his position as chairman for the 1948 campaign as a public trust:

"It was through the combined efforts of 100 or more good people from all parts of Ulster county that we were able to organize our 1948 campaign for cancer control and we will be able to approach our goal. I am deeply grateful to them."

Cancer is a continuing problem calling for the annual efforts of many workers. This disease which has baffled and perplexed mankind for centuries presents a never-ending challenge. In New York State and Ulster county the challenge is being met through the generosity of our people, the tireless efforts of our campaign workers and the splendid cooperation of the medical profession.

"It is one of our extensive campaigns of education, many persons who have been permanently incapacitated, now means of early detection and proper treatment, live normal and happy lives. Because of the great progress made in the control and treatment of cancer, hope at last is being kindled to replace fear in the minds of the people."

"I regard my position as chairman of the 1948 campaign in Ulster county as a public trust. It is a heavy burden and a privilege to have been associated with the group of people throughout the county who are so generous in their support of this worthy cause. It is indeed very gratifying to see some of the contributions that are being made. I am looking forward to a very successful drive. Twenty-five per cent of the contributions to the campaign will be awarded to the person who estimates nearest to the number of contributions received during the campaign. Money raised with your contribution is like a guess without giving a contribution."

"The State Committee of the American Cancer Society on Service Medical Service is composed entirely of physicians. This committee passes on allocation of funds to various projects and it is possible that the Ulster County Medical Society can intercede on our behalf."

Three Names Submitted To City Police Board

The Board of Police Commissioners today received an eligible list of three men, one of whom will be appointed to the vacancy in the police department caused by the resignation of Patrolman William G. Seiser. Mayor Oscar V. Nowinski announced.

The list, submitted by the Municipal Service Commission, consisted of three men, all of whom were World War 2 veterans. The position of patrolman is vacant.

Patrolman Wells, 36 Pine street; Patrolman DeLong, 116 Down street; and Clarence Stickle, 40 Main street.

A meeting of the police commission was held Monday afternoon. The resignation of Patrolman Ralph Seiser was accepted. The board was asked to ask the Civil Service Commission for a list of three names, which was received.

'Compromise' Training Program Offered to Congress; Hits at Forrestal

Washington, April 27 (AP)—Military leaders are proposing a full year in the armed forces for 18-year-olds under a "compromise" universal training program.

It was learned today that this is being suggested to congressional committees which are considering a broad defense program revolving about three points: 1—universal training; 2—temporary revival of the draft; and 3—expansion of the air forces.

"The original 'compromise' idea on universal training was that 18-year-olds should have 6 months of training to be followed by service in the National Guard or some other active, organized civilian reserve."

But some officials contend now that the air force now is training would be of little value in a military unit should be at least one year.

The draft and training proposals are tied closely with the controversy over how large the air force should be. Some air men want a 70-group air force. Secretary of Defense Forrestal has been battling to hold it to 66 groups.

Senator Edwin C. Johnson (D-Colo.), said Forrestal's 66-group proposal is a "lot of poppycock" and a "camouflage" for universal military training.

Johnson told reporters the 70-group program the House has voted to get underway is the least needed for national security.

The Colorado senator fit into the Forrestal compromise plan as committees on both sides of the Capitol kept at the job of charting military preparedness. Here is the picture:

1. The Senate Armed Services Committee called Secretary of the Army Royall to a closed session (10 a. m., E.S.T.) for details on a plan to blend the proposed temporary draft and long range U.M.T.

2. The House Armed Services group assembled (10 a. m., E.S.T.) to start section-by-section voting on a draft bill. As introduced, it provides for induction of men 19 through 25 and registration of those 18 through 30. The committee hopes to finish its job by tomorrow night.

3. A Senate Appropriations subcommittee scheduled an afternoon open meeting (2 p. m., E.S.T.) to hear Secretary for Air Symington and other air force officials on the 66 air group plan.

Symington has been one of the leaders of the battle for 70 groups. He spoke out first when the administration was advocating only 55 groups.

But Forrestal told an Appropriations subcommittee yesterday that the air force now is backing the 66 group plan because of the need to limit military spending to prevent too great a blow to the domestic economy. Forrestal said that from a purely military standpoint, he and the joint chiefs of staff agree there should be 70 groups.

Johnson called the Forrestal proposal "a compromise without substance, a play on words." He said the backers of 66 groups "are trying to get out of having an adequate air force," and added: "What they want is U.M.T. period. All the other is just a camouflage for it."

Johnson is not a member of either Senate committee considering the preparedness program. But he was a high ranking member of the old Senate Military

Forceful American Rally Is Planned For City on May 1

May Day Is Selected, Since It Is Time Traditional With Communists

Plans are advancing for a forceful demonstration by more than 30 organizations at the Americanism Day rally in the municipal auditorium at 7 p. m. May 1, it was announced today by John Ray Mayone, chairman of the Ulster County American Legion.

"It must be explained that we choose May 1 as our day," said Chairman Mayone, "because it is the day on which the Communist elements display their Red wares and attempt to arouse interest in their subversive cause. This Red cause has no place in our Democracy and Christianity and it must be opposed."

The program will open with a concert by the Kingston High School Band and will include addresses by the Rev. Dean Dykstra, pastor of the Fair Street Reformed Church; County Attorney Frederick H. Stang, and Rabbi Frank D. Plotke of Temple Emanuel.

An outstanding speaker from the U. S. Military Academy at West Point and a prominent professor from Vassar College, Poughkeepsie, both of whom will be named later, will be included on the program.

Chairman Mayone stressed the importance of having "each civic, social, service and fraternal organization of Ulster county well represented at this demonstration."

At Mayone said: "In behalf of the Ulster County American Legion and the cause of Americanism I make a sincere invitation to every citizen of Ulster County."

Palestine Events Pass Debate in United Nations

Lake Success, April 27 (AP)—The march of events in Palestine appeared today to be outstripping debate in the United Nations at Lake Success—and time is running out.

The question is: Must the guerrilla fighting of recent months swell into full scale war in the Holy Land?

A special session of the United Nations Assembly, called at the request of the United States to reconsider the Palestine problem, has been in session 10 days. So far one decision has been taken—the assembly asked the Trusteeship Council to find a way to protect the Holy City of Jerusalem and the holy relics there.

The assembly has been snarled in procedure and long speeches. Delegates keep asking: What are we supposed to be doing? Russia gleefully assails the United States switch from partition to trusteeship.

In the lull, the pro-partitionists uphold the Jewish side of the case, the Arabs fight partition with thousands of words. The British are getting out of Palestine May 15; then it becomes definitely a United Nations baby.

The Trusteeship Council starts its Jerusalem task today. Council delegates hope to have a plan ready for the Assembly in 10 days. The Assembly then must debate it. If any approved plan

Yanks to Ask Why Berlin Police Chief Fled Soviet Zone

Hans Kanig Says He Ran to Escape Questions on Disciplining of Policeman

Berlin, April 27 (AP)—American authorities announced today they will demand an explanation from the Russians tomorrow or Thursday as to why Berlin's chief of police fled to the western zones of the city.

"They said the chief, Hans Kanig, told them he ran to escape being arrested by Soviet officials questioning him about the disciplining of a policeman who lured a German citizen into the Russian sector to be kidnapped."

The western licensed Socialist press reported a new kidnapping of a German civilian today and one paper published safety rules titled: "How to Guard Yourself Against Kidnaping."

The paper said a male German living in the Soviet Zone was seized by two armed Russians who held off German police and civilians with a pistol, then took their man away in a car.

The newspaper warned jittery Berliners: "Be careful, distrustful of strangers, and defend yourself with all means."

The Russian-controlled press, meanwhile, stepped up its propaganda against the United States and the Marshall Plan, Tageliche Rundschau, the official Soviet army newspaper in Berlin, said the Americans are trying to organize the Germans for a new war against the Soviet Union.

The Americans are trying to make cannon fodder out of the German people," the paper said. "The Russian-licensed papers, apparently trying to counteract the morale effect of the Marshall Recovery Plan, spoke vaguely of raised food rations after the new harvest. It also hinted that might be abandoned in the Soviet sector, to which the Marshall Plan does not apply."

Kanig, a Socialist, long has been the target of the Russians and the Communists who control Berlin's central police headquarters. They have been trying to force him out of office.

Paul Markgraf, Berlin police president who has Russian and Communist backing, asserted Chief Kanig was not threatened with arrest by the Russians. He said he did not know why Kanig had fled but that he was "in a confused state."

The Berlin city government asked a swift inquiry into the incident. It granted Kanig a furlough and expressed hope he would return to his job soon.

Claim Is Denied

W. S. Knudsen Dies In Detroit; Headed U. S. War Output

Given Lieutenant General Rank by Roosevelt; Seriously Ill 16 Months

DETROIT, April 27 (AP)—William S. Knudsen, World War II coordinator of America's industrial might, died today following a long illness.

Death from a cerebral hemorrhage came to the 69-year-old former president of General Motors Corp., at 4:58 a. m. (E.D.T.).

The white-haired Danish immigrant was known by fellow industrialists as "the greatest production genius of modern times."

He gave up the presidency of General Motors, the country's largest producer of automobiles, in 1940 to head the mammoth rearmament program initiated by the late President Roosevelt.

Knudsen was commissioned a lieutenant-general, the only civilian ever to move directly to that high military office. He frequently admitted his embarrassment, remarking "I'm not a military man," he said, "my business is to make things."

Although the automobile pioneer had been seriously ill for 16 months, death did not seem imminent until shortly after midnight, when he lost consciousness.

His wife, Mrs. Clara Elizabeth Knudsen, and their four children were called to his bedside. Doctors Charles E. Lemmon and A. C. Ernste were in attendance.

It was believed that an extended tour of the battlefronts during the waning months of hostilities was a serious drain on the energies of the industrialist.

Never Regained Vigor
Close associates said he never fully regained the vigor of the early war years when he directed the rearmament program.

Arriving here from Copenhagen in 1939, the young son of a Danish customs inspector went to work in a shipyard and as a shophand on the Erie Railroad.

He soon found his way into the new automotive industry. By 1913 he had served as assistant manager of a Buffalo concern which later merged with the Ford Motor Co. and then entered the Ford Detroit plant.

Becoming a citizen in 1914, he continued on Page Eleven

Warns Stalin There Will Be No Giving In to Conspiracy Action

Washington, April 27 (AP)—Senator Vandenberg tossed out a fresh hint to Russia today that the United States may join western Europe in a military alliance against Communist aggression.

"The Michigan senator—chief Republican exponent of this country's bi-partisan foreign policy—at the same time served this warning on Americans:

"We are suicidal fools if we do not root out and destroy any treason at home which may dream of bringing world revolution to the United States."

Above all, Vandenberg said, Premier Stalin should understand that "we shall not surrender to Communist conspiracies in the United States."

The chairman of the Senate Foreign Relations Committee made his pronouncements in a surprise speech last night at a dinner given by Michigan chambers of commerce and trade associations for the state's congressional delegation.

He declined afterwards to expand on his remarks. But Vandenberg appeared to be adding his own support to mounting indications that America will throw its military as well as its economic weight against Communist expansion in Europe.

Rapping what he called Russia's uncompromising refusal to let the United Nations perfect its own peace machinery, the senator declared:

"We have not yet even scratched the surface of the possibilities of its (the U.N.'s) regional arrangements, as exemplified in the Rio treaty. There can be vital progress in this procedure—and I venture to predict there will."

Will Come to Aid
The Rio treaty drafted last fall that all other Western Hemisphere nations will come to the aid of any one of them attacked by a country outside the Americas, Vandenberg helped write the treaty and led the fight for its ratification by the Senate.

There has been speculation that an American military alliance with the western European union now being organized might take the form of a regional defense system under the U.N. The union is being created as an adjunct of the multi-billion dollar recovery program which Vandenberg helped steer through Congress this spring.

While voicing hope that peace can be attained, the senator asserted:

Meanwhile, we are realists. We do not propose to be isolated in a world that has been Communized by conquest. We do not shut our eyes to the cold, Continued on Page Eleven

Police Question Reuther Suspect

Detroit, April 27 (AP)—Police Commissioner Harry S. Toy said today that a man under arrest today by his officers resembles one supposed to have threatened to "take a shot" at Walter P. Reuther.

Toy did not identify the man. He said he would be viewed by two informants.

The two, also unnamed, told police they overheard a man threaten Reuther last November, shortly after the 40-year-old labor leader gained control of the C.I.O. United Auto Workers.

Committee Orders Shakeup in Two Federal Agencies

Social Security, Working Service Are Objects of Slashes in Funds

Washington, April 27 (AP)—A shakeup in the Social Security Administration and the U. S. Employment Service was ordered today by the House Appropriations Committee.

Slashing \$20,673,000 off next year's funds for the federal security agency, the committee approved a \$969,050,000 money bill to finance operations starting July 1.

The committee also added a provision barring use of the funds to government workers belonging to a union whose officers have not signed the non-Communist oath required by the Taft-Hartley law.

This is the first time the fund-withholding weapon has been used to back up this section of the labor law. In a previous effort to attach an anti-racial discrimination provision to a money bill, the committee was overruled by the House.

The Social Security Administration, which came in for the major fund trimming, is but one of the agencies under the overall direction of the Federal Security Agency. The \$969,050,000 recommended by the committee also would provide for operations of such other units as the Public Health Service and the Food and Drug Administration.

Specific Appropriations

The bill includes these specific health and social welfare appropriations:

1. \$1,000,000 for the Public Health Service to train dentists and dental technicians in the new procedure for using sodium fluoride to check tooth decay.

2. \$3,250,000 for research grants and scholarships to promote study of mental illnesses.

3. \$700,000 for an immediate survey of what the committee called "rather serious" health and sanitation conditions in Alaska.

The bill, written by a subcommittee headed by Rep. Keefe (R-Wis.), recommended a "far-reaching overhaul" of the Social Security Administration. It pruned the "administrative superstructure" by:

1. Denying \$50,836 asked for 11 jobs in the coordinating and procedure division, saying "there is absolutely no need for this intervening layer."

2. Cutting the request for the agency's publications and information service from \$109,997 to \$30,000.

In addition the committee ordered all Regional Social Security offices shifted to the Federal Security Agency. It recommended a raise in the F.S.A. director's salary from \$12,000 to \$15,000 a year. The committee also said the U.S. Employment Service (U.S.E.S.) should be transferred at once to the F.S.A. Under present law, this transfer would take place automatically six months after the official end of the war.

Further the committee said the F.S.A. should set up a bureau of employment security. This would be outside the Social Security Administration and combine the work of the U.S.E.S. and the present unemployment compensation division.

For this new bureau the committee recommended an appropriation of \$123,000,000. The Budget Bureau had asked \$145,000,000 for the two job agencies separately.

Military Action Follows Reports: Abdullah Is to Take Command of Troops

To Resist Arabs

British Say They Will Battle 'Incursions' Before May 15

(By The Associated Press)
Units of an Egyptian armored division were reported by a reliable Arab source in Jerusalem to have invaded southern Palestine at dawn today.

Arab leaders, alarmed at Jewish successes in the Holy Land, were said to have decided on immediate military action with armies from Trans-Jordan, Syria and Lebanon as well as Egypt. The old warrior king of Trans-Jordan, Abdullah, said in Amman that he expected to take personal command of the armies of Trans-Jordan, Syria and Lebanon and move into Palestine by Saturday. There are 15,000 British-trained troops in his Arab legion. The bulk of the legion is on loan to the British for security duties in Palestine.

A discounted report had the legion already occupying Jericho and moving into the Dead Sea valley of Palestine. The British, who surrendered the mandate May 15, said one company of the legion moved into Jericho under specific orders and will leave "when their duties are finished."

The British foreign office said the limited British forces will resist any Arab "incursions" into Palestine before May 15. The office had no official report on Arab troops actually invading the disputed land.

Arab forces swiftly occupied Alamein camp at the southern edge of Jerusalem late yesterday without a shot. Jewish troops of Haganah were deployed on two sides, but unable to act.

The United Nations again tackled the problem of a cease fire order in Palestine. The U.N. Trusteeship Council was trying to devise means of safeguarding Jerusalem. France spoke of an 800-man volunteer police force for the city drawn from the New York police, London Bobbies, British Palestine guards, French mobile guards and police of other countries.

American authorities in Berlin said they would demand of Russia an explanation of why the Berlin police chief, commanding 11,000 cops, fled to the western zones of Berlin. The chief, Hans Kanig, said he departed to avoid questioning. He had disciplined a policeman who lured a German into the Russian zone where he was kidnapped.

An Italian soldier and a Yugoslav officer were killed in a brief border battle near Trieste. Three other Italian soldiers were wounded.

Great Britain, France, Belgium, Holland and Luxembourg scheduled a meeting in London this week-end to talk joint defense. Sen. Vandenberg (R-Mich.) hinted the United States may join western Europe in a military alliance against Communist aggression.

"We are suicidal fools if we do not root out and destroy any treason at home which may dream of bringing world revolution to the United States," the Senate president declared.

The 21 republics of the Western Hemisphere prepared to sign on Tuesday a pact including the basic regulations and functions of the Pan American system, closing the Bogota conference.

Suggestion Is Rejected
New York, April 27 (AP)—American composers in the New York area today flatly rejected a Russian suggestion that composers throughout the world unite and follow the new musical ideas of the Communist party. The Americans also turned a cold shoulder to the Russian idea that musical style is a concern of the state. Their opinion was that only the composer himself should decide his individual musical style. Tass, the Soviet news agency, proposed over the week-end that composers everywhere unite and follow the Communist party's musical idea of harmonious, democratic melodies "to save the world musical culture from the savagery and degradation resulting from the disintegration of bourgeois society."

Police Are Unable To Quiz Bernard At Local Hospital

Identity of Woman in Car With Him Still Unknown; Hurt in Crash

Police so far have been unable to question Edward Anthony Bernard, the man whom they are holding under constant guard at Kingston Hospital on a charge of grand larceny, first degree, and who they allege was injured while riding in or driving a stolen automobile Sunday morning.

A time Chief of Police Raymond Van Buren said today that, because of the serious nature of Bernard's injuries, the department has not attempted to question him in regard to the identity of the unknown woman who was reportedly seen leaving the stolen car after it was wrecked on Albany avenue.

The car in which Bernard was injured was one which police said was reported stolen from Joseph Dams of 35 Gill street shortly after midnight Saturday. The accident occurred at 1:47 a. m. Sunday, according to police records.

At Kingston Hospital today, the condition of Bernard, who is 27 years old and lives at 217 Broadway, was reported as "fairly good" by hospital authorities.

Chief Van Buren also reported today that nothing new has been discovered which might lead to the solution of the theft of about \$500 from the rectory at St. Joseph's Church on Saturday afternoon.

The theft of some \$3,000 worth of merchandise from the Kingston way store of William O'Reilly, Inc. on Thursday night, April 15, also remains unsolved, Van Buren said.

Dancers Are Briefed

New Orleans, April 27 (AP)—Strip-tease dancers in this gay playground of the deep south were briefed today on the absolute minimum in clothing they must wear during their performances. Police officials last night called a mass meeting of night club operators and announced that strip-teasers displaying their artistry must at all times cover themselves with (1) panties, (2) a fringe, and (3) a brassiere. Detective Chief Joseph Scheuing told the operators he had received numerous complaints about indecent exposure in some of the French quarter night spots. Also, he added, masters of ceremonies must tidy up their language.

4-H CLUB NEWS

Girls to Participate

Girls from eight southeastern New York counties will participate in a regional home-making demonstration day at the First Dutch Reformed Church, Kingston, May 4. It was announced today by Margaret M. Brundage, assistant county 4-H Club agent. The program is scheduled to begin at 9:30 and last until early afternoon.

Each county is eligible to bring one demonstration in each of the following fields: Food, clothing, and home improvement. Demonstrations already registered include such topics as "Putting in a Zipper; Laying out a Pattern; Using a Ruffler; Making Apple Pie; Apple Cake; Measuring Accurately; Painting on Glass and Making a Dressing Table."

Ulster County 4-Hers who will demonstrate will be: Barbara Altman of Sawkill, who will show how to make Table Place Mats from dish cloths; Sandra Ashdown of Lake Katrine demonstrating "Equipping a Sewing Box;" and Belle Campbell, Ulster Park, who will show how to pack a lunch.

All the girls demonstrating have won blue ribbons in their county demonstration contests and have been chosen to represent their counties. Judges of the demonstrations will be specialists from the New York State College of Home Economics.

The public is cordially invited to attend.

Contest at Goshen

Members of Ulster county 4-H Clubs took part in the southeastern New York demonstration contest at Goshen High School recently.

Those from Ulster county were: John Bowman, Kyserville; Barbara Tucker, Gardiner; and Nancy Ellsworth, Port Jervis. John Bowman, a member of the Cedar Ridge 4-H Club demonstrated the proper use of milking machines. He received an award of excellence.

Barbara Tucker, a lone member from Gardiner, received an award of merit for her demonstration, "care and feeding of young Dairy animals."

Nancy Ellsworth of the Port Jervis 4-H Club demonstrated, "making a cheese puff," and received an award of excellence.

The demonstrations were judged by Miss Betty Volmer, 4-H field specialist, New York State College of Home Economics and Miss Iva Mae Gross, asst. State 4-H Club leader; and Harold A. Willman, 4-H livestock specialist and Bernard George, field representative of Sheffield Farm Co. Inc. Judging was by the Swedish system of group awards, so those receiving award of excellence received blue ribbons, and those with award of merit, red ribbons.

Turner, Husband Hid

Hollywood, April 27 (AP)—Lana Turner and her new mate, Bob Topping of the tinplate millions, hid today from her public in the seclusion of a hotel. The fourth Mrs. Topping left strict orders that she must not be disturbed. But she finally answered the telephone to Scotch reports that she and her husky husband planned to leave immediately for New York, en route to London. "We'll fly to Palm Springs late today if the weather's all right," she said. "We'll probably be back here Thursday, then go to New York."

Votes for Woods

Washington, April 27 (AP)—The Senate Banking Committee today voted 11 to 0 for confirming Tighe Woods as housing expediter and rent control chief. Woods nomination, which goes now to the Senate, first was submitted by President Truman last December 15. The committee took no action on it during the 1947 special session and Mr. Truman resubmitted it January 9. The committee put off a vote until the rent control extension bill was on the statute books. Committee members said they wanted to make sure Woods interpreted the law as Congress intended.

New York, April 27 (AP)—Selected rails, steels, motors and farm implements resumed the upswing after early setbacks in today's stock market.

Idle funds, awaiting employment since profit-taking sales interrupted the spring rally, were finding their way into many of these pivotal issues. Enough other leaders were displaying sagging tendencies, however, to give the list a mixed appearance.

Dealings picked up somewhat as support arrived for favorites, but volume remained below the fast pace set recently.

Many traders were encouraged by the lack of heavy offerings yesterday when more than half of the preceding week's average advance was lost.

Climbing to higher levels were U. S. Steel, Youngstown Sheet & Iron, General Motors, Chrysler, Southern Railway, Northern Pacific, Nickel Plate, Chesapeake & Ohio, International Harvester, Oliver Corp., Deere, Douglas Aircraft, International Telephone, Plymouth Oil, American Wood and Amoco Tobacco. Still lagging were Montgomery Ward, Superior Oil of California, Allied Chemical, Standard Oil (N. J.), Firestone Tire and U. S. Gypsum.

Teachers Gum Up the Works

Here's a teacher's-eye-view of what goes on in the classrooms. They seem to be under the impression that the pupils chew bubble-gum. At least, teachers Lorraine Hughes and Hugh Altsworth are, with Mrs. Edith Jacobs lending moral support. It happened when teachers at Edison High School, Miami, Fla., lampooned students during annual Student Day.

Births

The following births have been recently recorded with the registrar of vital statistics in this city:

April 20—Carol Ellen to Mr. and Mrs. Walter G. Williams of Rosendale; Bruce Alan to Mr. and Mrs. Frank M. Mauro of Glasco. April 22—Winifred Darlene to Mr. and Mrs. James C. Rigney, Sr., of 2 South Washington avenue; Patricia Ellen to Mr. and Mrs. Earl E. Smith of 36 Howland avenue.

April 24—James Willis 3rd, to Mr. and Mrs. James Willis Daniels, Jr., 43 Garden street.

KERHONKSON

Kerhonkson, April 27 — Miss Mary Davison, a speaker for the American Association for the United Nations, gave an interesting and educational address to the members of the junior and senior classes of Kerhonkson High School last Wednesday morning. Miss Davison showed the progress man has made and the hope that still exists for a world at peace. Her talk, in the light of world affairs of the moment, was most pertinent and well received.

Joel Ballou of Ellenville will meet with all parents interested in renewing the Cub Scout program for the Kerhonkson area at the high school on Friday night. Parents are urged to come to the meeting and make plans for getting the Cub Pack under way. Principal Alton Farnsworth is attempting to reach all parents. The meeting is scheduled for 7:30.

The Utah Centennial Chorus presented a most interesting, assembly program for the students of the junior and senior high school this week.

Kerhonkson High School will open the baseball season with a game with Marlborough Central School on Friday at 4 p. m. This will be a New League game. Ellenville will be met on the Kerhonkson diamond on Monday, May 3. Coach Bill Newkirk has cut the squad to 20 with a majority of veterans being retained. The Kerhonkson Lions Club installed new officers last Thursday evening. Dr. Shapiro succeeds Gilbert Potts as president. The club had as its guest, the Rev. Dr. Ward of High Falls who gave an interesting address on the "Alkan Highway." Dr. Ward was stationed in this area as an army chaplain during the war and spent a total of 10 years in Alaska. Robert Stapleton of Ellenville also spoke in presenting the Ellenville Veterans' Memorial Hospital drive for funds.

Car Is Slightly Damaged By Fire in Garage

Fire which was attributed to children playing in a garage caused slight damage to a 1948 Frazier automobile owned by Thomas Antonevich about 11:30 a. m. today. Fire Chief Joseph L. Murphy reported.

The garage is a one-story concrete block and brick garage located at 23 East Union street and owned by A. Seroda of that address.

The fire was discovered by Chris Polli of Newburgh, who was seated in a truck across the street from the garage. Chief Murphy said, Miss Polli told firemen she saw some boys running out of the garage at the time of the fire.

Firemen extinguished the blaze with chemicals. No damage was done to the building, but some paper burning on the floor caused damage to the bumper, grille and paint on the fender of the Benin's car, Chief Murphy reported.

Soviets Claim Lowest Rents Throughout World

Moscow (AP)—Rents in the Soviet Union for Soviet citizens are said to be probably the lowest in the world. The average Soviet family spends not over five per cent of its income on rent.

A Moscow worker pays about \$20 per month for his apartment, heat, water, gas and electricity. For over two decades, rents have not been raised. The rates are based on income of the highest paid person occupying the given space. There is a maximum above which the rent may not rise. The state owns all large buildings. A worker can own his own home and sometimes it is possible to rent a room or two in a privately owned small home. But the one really important landlord in the U.S.S.R. is the state.

Late Bulletin

Injured in Fall

Louis Navara, of Navara street, city, was admitted to Kingston Hospital about 1:30 p. m. today, after being conveyed there in a Conner's ambulance, hospital authorities said.

Navara is an employee of Henry A. Olson, Inc., owners of 174 Cornell street. According to the management of that company, Navara apparently fell from a roof on Esopus avenue on which he was working.

On arrival at the hospital, Navara was taken directly to the emergency room, and the extent of his injuries had not been determined at press time today.

Senator to Address Naval Reserve Unit

Senator Arthur H. Wickes, who is chairman of the powerful New York State Senate Finance Committee, will address the Naval Reserve Unit Wednesday evening at 8 o'clock at the American Legion club house. Senator Wickes is vitally interested in the establishment of an organized Naval Reserve Unit in this city and will set forth his views on this subject at the meeting tomorrow night.

In addition Lt. Commander Gottfried will exhibit a photograph of the Type B armory which the Navy Department will construct if and when an organized unit is authorized.

Lt. Cliff Rall will conduct the meeting and make preparations for advancements in ratings for the men assembled at the meeting.

To date the following organizations have indicated their support of this movement: Kingston Chamber of Commerce, Lions Club, Rotary Club, Kiwanis Club and American Legion, Post No. 150.

Million Bank Robbery

Tel Aviv, Palestine, April 27 (AP)—Heavily armed youths who said they were members of the Jewish underground Stern Group pulled a \$1,000,000 daylight bank robbery today under the eyes of Haganah guards. The youths, just after dawn, visited the homes of all directors and cashiers of Barclay's Bank. At gunpoint they took the matched keys needed to open vaults. Some of the bank officials were beaten to make them surrender the keys.

Meeting Is Held

A meeting of the school of instruction for members of the paid fire department was held at the Central Fire Station Tuesday. Deputy Fire Chief Harold A. Sanford gave a lecture and demonstration of the use of various types of masks, including the "Chemox" self-contained mask developed by the U. S. Navy during World War 2 and only recently made available to civilian agencies.

'Painless Baby' Reported

Albany, O., April 27 (AP)—Year-old Beverly Smith never cries about a full, a cut or a burn. She never will cry about them, either, because they cause her no pain, say Children's Hospital officials. Doctors are calling little Beverly the "painless baby." They say she was born indifferent to pain. A pin prick brings a laugh. Bumps and bruises never bother her.

Fails as Leader

Atlantic City, N. J., April 27 (AP)—Earl Rieve, president of the C.I.O. Textile Workers Union, today President Truman has failed as a leader or liberator forces and should eliminate himself as a candidate for reelection. It is a cruel fact, no matter how unfair it may be, that Truman would be a serious handicap at the head of the Democrat ticket. Rieve said in an address at the opening session of his union's fifth biennial convention.

Will Hold Meeting

A meeting of the Board of Public Works will be held Thursday at the mayor's office at 3:30 p. m. Mayor Oscar V. Newkirk, president of the board, has announced that the matter of awarding the contract for the construction of the Dismalmen avenue sewer will be taken up at that time.

Kitchen Aids

It is helpful to include quick mixes for cakes, cookies, biscuits and waffles on an emergency shelf. Packaged custard pudding and tapioca desserts are also useful. Canned soups are convenient to include not only "as is" but for sauces for a main course dish.

Brown led in the recitation of the Rosary at the funeral parlors. The Rev. John D. Simmons officiated at St. Joseph's. Burial was in Barclay Heights Cemetery. Saurteries, where the Rev. Father Hyland of St. Mary's Church, conducted the committal services.

Nickel Is Sentenced

New York, April 27 (AP)—William Arthur Nickel, former \$64-a-week cashier for the Metropolitan Linotype Co., today was sentenced to two and one-half to five years in prison for his part in a \$78,000 swindle of the firm. Kings County Judge Samuel Lebowitz imposed the same term on each of 202 counts of forgery and grand larceny, to which Nickel had pleaded guilty more than a year ago. The court, however, specified that the sentences were to run concurrently, which would entitle him to apply for a parole hearing in about two years. Nickel had testified for the state.

New York Workers Will Get Increase

New York, April 27 (AP)—Some 125,000 New York city employees can look forward to a permanent basic salary boost of \$2.50 a year starting July 1, according to an A.F.L. official who conferred with Mayor William O'Dwyer yesterday.

Although the mayor said he would not comment on the prospective increases until today,

Martin T. Lacey, president of the A.F.L. Central Trades and Labor Council, said the pay boosts would extend to all types of employees except transit workers. He added that the transit workers would be taken care of separately.

It was reported that increases would amount to about \$33,500,000 a year, of which board of education workers will receive about \$5,500,000.

The Board of Estimate meets today to adopt the city's 1948-49 budget, which now totals a record \$1,137,506,711.

O'Dwyer last week authorized a 10-cent subway fare and a seven-cent surface lines fare, thus releasing \$52,000,000 for salary increases among city employees, including transit workers.

Asked to comment on Lacey's announcement, the mayor said yesterday, "I have nothing to say. I will have a complete statement tomorrow."

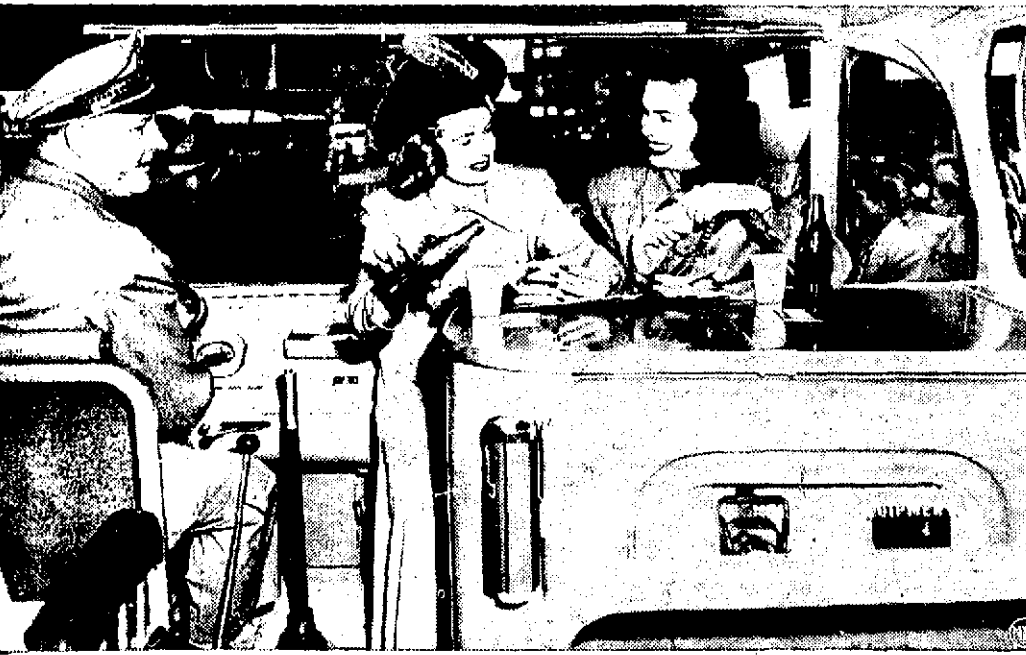

Allocation of \$33,500,000 to various city employees would leave a balance of \$18,500,000 from the \$52,000,000 made available by the transit fare hike, slated to become effective July 1.

A.F.L. and C.I.O. officials at recent city budget hearings urged wage increases of \$500 yearly for each city employee.

Slashes Bus Driver

New York, April 27 (AP)—A bus failed to stop when Rafael Torres signaled, police say, so he chucked it for 33 blocks in a tactical and slashed the bus driver in an argument after overtaking him. Torres, a 40-year-old ship's cook, was held on a felonious assault charge last night. The driver, cut on the neck, was treated at a hospital.

SHOKAN NEWS

Shokan, April 27—George Dibble of Yorkville spent Sunday with his relatives, Mr. and Mrs. Herbert Dibble. George was born and brought up in the old village of Shokan and went from there into army service during World War I.

Justus North was elected superintendent of the Reformed Sunday school at a meeting held following the preaching services Sunday morning.

Mrs. Daniel Steen, who died Friday in Schenectady and will be buried today in Tongore Cemetery, had a number of friends in this section. Mrs. Steen for several years resided near Samsonville and the farm home of her sister, Mrs. John I. Boice, who survives her.

Peter Mastrotta of Brooklyn was at his Route 28 place for the week-end. Mr. Mastrotta has been having excavations made for the installation of a 1,000-gallon fuel oil tank at the west side of his house.

The body of Charles Giles, well known Shokan man who died in March, was buried in the Tongore Cemetery Saturday afternoon.

April 27, 1910: Blasting operations on new north reservoir boulevard line is disturbing worshippers at the Shokan Church.

John DuBois and family have moved to Cottkill. Mrs. C. Dudley and Mrs. George Everett will move in the DuBois house.

Little Henry Clapp, seriously ill, is attended by Drs. Van Gansbeek and Hubbard. . . . Egbert Boice has invested in a motor-

cycle. . . . Mr. and Mrs. Isaac M. Davis of the west side of the Esopus Creek, expect to move this week to Kingston where they have purchased the Scoville property.

Dr. J. Durand who for many years has been driven on his professional calls by H. W. Chapman and the doctor's team, has bought an automobile. . . . The engine used to haul fill material from Sand Hill for the new railroad line scared Asa Evers' horse which ran away, throwing Asa heavily and breaking the wagon to pieces. The Boiceville dugway, a source of endless expense to the town of Olive down through several decades, is reported torn out by yesterday's freshet.

George Terwilliger who died Saturday in his 82nd year, was brought up in the old village and for several years was engaged in the meat business here. He was elder son of Abram and Joanna (Delamater) Terwilliger whose homestead lay along the old state road a short distance east of the schoolhouse.

Birthdays this week include that of John Thayer, on Wednesday, April 28. John, who was born in the Bay Ridge section of Brooklyn, came here six years ago. He is a painter by trade and is assistant manager of the Ashokan baseball club and shortstop on the team. He is married to the former Joyce Winn and they reside on the Ashokan mountain road.

Alfred Iapace who was a member of the local section crew on the mountain division of the Central for a year or more, is now employed as a driver by the Route 28 contractor.

It's a fact: The first marriage entered in records of the Reformed Church of Hurley was that of Peter J. Elmendorph to Jane Elmendorph, Dec. 24, 1808. Two of the earliest baptismal records were as follows: Jan. 9, 1802

—Andries, son of Peter Roosa and his wife, Rachel Delamater. . . . Jan. 17, 1802—Anne Wynkoop, daughter of John J. DuBois and his wife, Annetje Bevier. The Hurley Reformed Society was incorporated Aug. 4, 1801, and the certificate was signed by Matthew Teneyek, Petrus Roosa, Johannes Suyland and Cornelius Ellinge, elders, and by Petrus Elmendorph, Petrus DuBois, Jeremiah Hough, Jr., and Cornelius Cole, Jr. Previously, the Hurley congregation had been associated with the First Dutch Church of Kingston for 140 years, and the move to form a separate religious unit was not consummated without considerable opposition upon the part of the First Church. Nevertheless, the people of Hurley, "perceiving their numbers increasing, their village enlarged, and laboring under many inconveniences in attending divine worship, judged it their duty, for their own benefit and of their posterity, to form a church and build a meetinghouse."

Archie Brown has returned home after a short visit with his sister, Mrs. Prescott Hubbard, of Greenwich, Conn.

The roads are being worked in this area.

Mrs. A. H. Davis of Whitfield was up Thursday to see her parents, Mr. and Mrs. Alex Brown.

Ernest Muller of Rochester Center did work for E. B. Markie Thursday.

Mr. and Mrs. E. B. Markie and Ralph Hornbeck spent Saturday evening with their cousins, Mr. and Mrs. Leslie Quick and son, Henry.

Fred Dobler, Jr., who is attending school in New York, spent the week-end home with his mother, Mrs. Fred Dobler.

Henry Quick recently spent an evening with his cousins at the Gorsline and Markie homes.

Mrs. Prescott Hubbard and children of Greenwich, Conn., enjoyed a short visit with her parents, Mr. and Mrs. Alex Brown.

Sackets Harbor Won't Give Up Pike's Body

Sackets Harbor, N. Y., April 27 (AP)—This little village was up in arms today over reports the remains of Gen. Zebulon M. Pike would be transferred to Pikes Peak in Colorado.

And that's precisely what Mayor Carl Jackson promises to use arms—to keep the famed soldier-explorer's remains in this community on Lake Ontario's eastern shore.

"We have taken a liking to the general, and we're going to keep him up here," said Jackson.

"If anybody tries to move General Pike from here, we'll have an armed guard waiting for them. And, they'll have to do it over my dead body," Jackson asserted in final emphasis.

Pike, for whom the renowned Rocky Mountain peak was named, was killed in the war of 1812. He is buried here in a former military cemetery.

It was announced in Washington yesterday steps had been taken to remove Pike's remains to the peak he discovered in 1805.

The Red Cross still is giving long-term medical care to 41 persons injured in the Texas City disaster of April 1947.

Would Have Best Business Brains as Help to Europeans

Washington, April 27 (AP)—A plea that American business quickly volunteer its best management brains to Europe's recovery effort was delivered today to the United States Chamber of Commerce.

Clem D. Johnston of Rounoke, Va., chairman of the Chamber's International Committee, voiced the appeal to more than 2,500 businessmen attending the organization's 36th annual meeting.

speech, that every industry should offer to Paul G. Hoffman, economic cooperation administrator, a list of "qualified" men able and willing to work directly with European industry.

The keynote address of the session, delivered by President Earl O. Shreve, of New York city, carried a demand for federal economy through the period of heavy foreign aid and steeply mounting national defense costs.

"Economy in government is essential to the security of the nation," Shreve declared. "The obligations of world leadership are costly."

"Businessmen should take the lead in restraining their communities from seeking federal outlays of money for local and area projects that will wait."

"The larger national interests should come first."

But, he contended in his advance text, "a return of deficit federal spending would fan the fires of inflation into flame again."

In pleading with his fellow businessmen to take an active role in the European Recovery Program, Johnston said:

"If the organization is staffed with run-of-mine Civil Service personnel, or with the type of readily-available individuals recommended as 'deserving' we are sunk before we start."

State Troopers End Looting of Houses

Catskill, N. Y., April 27 (AP)—A "juvenile crime wave" has ended with the arrest of three 15-year-old boys, State Police believe.

Children's Court Judge Paul Fromer, who said the trio had been "looting houses around here since April 16," sent two to the State Industrial School at Rochester. They were described as "escapes" from Children's Village at Dobbs Ferry. The third case was adjourned.

The boys were carrying a shotgun when arrested Saturday on a nearby country road, the police said.

Valentine Gets Year in Jail; His Plea Is Accepted

William John Valentine, charged with burglary, third degree, and unlawful entry to an Eddyville place was sentenced to a year in the county jail Monday afternoon by County Judge John M. Cashin when Valentine entered a plea of guilty to unlawful entry. The burglary indictment was dismissed on motion of Francis Martocci who appeared for the defendant.

Valentine claims he was out of work and entered the place to secure food for his family. He also took money which next day he spent for food. Twice before having been convicted of burglary, Judge Cashin said he had allowed the defendant to plead to a misdemeanor since a plea of guilty to the burglary count would mean a sentence of from 5 to 20 years in prison and circumstances surrounding the present crime did not warrant such punishment. However, he warned Valentine to get out of Ulster county and return to his former home after serving sentence. Four months which Valentine has already served will be credited to the year jail sentence.

Irving Young, charged with grand larceny, entered a plea of guilty to petit larceny. Young allegedly entered a Thomas street place and took watches and other articles. Chris J. Flanagan appeared for Young. Sentence will be imposed on Wednesday at 10 o'clock.

The following cases were moved over the term:

The People vs. Edward Hecht, assault. The People vs. Harold Dore, abandonment. The People vs. Wilbur Delaney. The People vs. Adolphe M. DeGonzague, John E. and Vincent R. Marcey, grand larceny, second degree; burglary, third degree and unlawful entry.

This involved entrance to the Overlook Mountain House property and the taking of lumber. The People vs. William Silas Gray, grand larceny, second degree.

Set down for Wednesday at 10 o'clock were the following:

The People vs. Fred Kite, Jr., rape, first degree.

The People vs. David Allen Newkirk, sodomy.

Set down for May 10 at 2 o'clock is the Victor Nelson Lapo burglary, third degree, and unlawful entry case and the Shale Alcon gambling case.

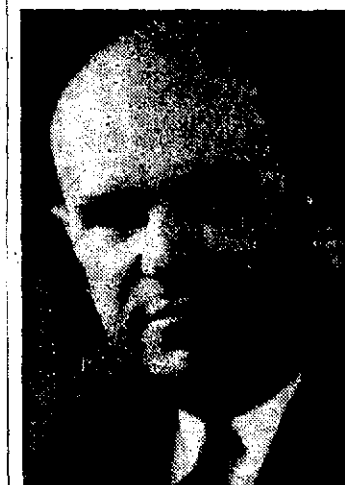

Court recessed until 10 o'clock Wednesday.

No Bad Habit

Sometimes a bad habit between meals is a good habit, advise nutritionists of the U. S. Department of Agriculture. Growing children, active workers and underweights often need more food than they can take comfortably at a meal. A light fill-in at a mid-point between meals will protect against weakness. A glass of milk, sandwich, a hard-cooked egg or fruit after school is recommended to give children energy for active play without spoiling the appetite for the evening meal.

Lutheran Rally Is Scheduled by Two Congregations

FRANK M. BROWN

A Lutheran World Action Rally is scheduled for Wednesday evening in the Evangelical Lutheran Church of the Redeemer, Wurts and Rogers streets, according to the pastor, the Rev. David C. Gaiske. Sponsored jointly by the host church and Trinity Lutheran Church, the Rev. Frank L. Gollnick, pastor, the meeting is part of a united effort by Lutheran Churches affiliated with the National Lutheran Council to raise 4,000,000 dollars this year to meet the urgent need for spiritual reconstruction abroad.

The Rev. Frank M. Brown, a representative of the National Lutheran Council, will be the guest speaker. The Rev. Mr. Brown held the rank of colonel during the war and was chief of chaplains in the Mediterranean area. After the close of the conflict he was director of the Church Relief Agencies Licensed for Operation in Germany and was in intimate touch with the physical and spiritual situation in central Europe.

In eight years, the Lutheran Churches in America have raised more than \$22,000,000 in cash and goods for spiritual rehabilitation and material aid in Europe and Asia. During the last biennium the local congregation participating in Wednesday's rally contributed more than \$7,000 to this cause beside their regular benevolent programs. Committees in the two churches are engaged in pre-

paring campaigns for this year's fund.

Besides providing aid to pastors in destitute areas and the production of religious literature and materials, plans are under way to repeat a child-feeding program which last year made possible an extra meal a day for 80,000 children in seven countries for three winter months. Lutheran mission stations around the world which have been cut off from their parent bodies in Europe also get a share of the funds.

The rally which is set for 7:45 is open to anyone who is interested in the European problem. There will be no solicitation of funds at this meeting.

AWFUL RHEUMATIC PAIN LEFT MAN'S BODY IN 8 HOURS

"For years I had rheumatic pains in the muscles of my shoulders, legs and ankles, which finally got so stiff, sore and painful that when I walked I would finish with agony. I got TRU-AID and started taking it, and the rheumatic pains began leaving my body in eight hours. Now the pains are gone from my muscles entirely. I feel like some other person, and I praise TRU-AID to the sky." This is a genuine testimonial from a man living right here in this vicinity.

TRU-AID is the new liquid formula covering three valuable medical ingredients. These Three Great Medicines, all blended into one, go right to the very cause of rheumatic and neuritic aches and pains. Miserable people soon feel different all over. So don't go on suffering! Get TRU-AID. Sold by All Drug Stores here in Kingston.

Times Article Declares Bard Plan Brought Community And College Closer Together

Bard College "has succeeded in bringing the community and the college closer together," said an article in the education section of the New York Times Sunday giving an outline on the Bard Plan for Small Business.

The article, written by Benjamin Fine, explained the purpose and progress of the plan which began in Kingston March 4, and stressed its helpfulness to the small business man of the city. The article said the plan was supported by the enthusiasm with which the business men supported the project. The local banks distributed 20,000 announcements of the School for Small Business among their depositors and other interested persons. Wholesale merchants also helped by having their salesmen deliver announcements on their calls. Many firms mentioned the school in their advertising copy.

The article emphasized that Dr. Edward C. Fuller, president of Bard, explained that the Bard Plan is the college's first major step toward developing a program of adult and community education.

Support of the New York State and U. S. Departments of Commerce, the Committee of Economic Development and other groups, was stressed, and the article continued:

"Bard went about this project in a serious manner. Two students spent their winter field

periods interviewing business men in Kingston to ascertain what their special needs were. The results of this survey were then made available to all the lecturers. The students are continuing to interview audience members at each session. They will also conduct an investigation after the close of the school to determine whether the businessmen were able to improve their practices as a result of the lectures.

"Thus far attendance has outstripped all expectations. Six hundred persons registered for the entire series—a nominal fee of \$3 was charged for the nine lectures. Attendance has averaged between 350 and 400 at each session, with many persons coming from a radius of fifty or more miles.

"Ninety per cent of the businessmen who have participated in the program say the lectures have been helpful. A sampling of comment among them indicates that the project is well worth while. In fact, other communities are seeking a similar school next year. Bard is now considering extending its program to include Poughkeepsie and perhaps one or two other neighboring towns or cities.

"A visit to the school shows that the audience is attentive and eager to participate in the discussion period that follows each session. One-half of the students are over 40 years of age, while 75 per cent have been in business for ten years or more. One-fifth of the audience consists of veterans

who operate business concerns of their own. A vast majority of the persons attending the course have never gone beyond high school—a survey reveals that 11 per cent attended college and 23 per cent some kind of business school.

"Held every Wednesday evening, the sessions last about two hours each. The speaker of the evening presents the problem to be discussed, and then a panel of experts answers questions asked by the audience.

The questions asked from the floor are practical and they indicate a realistic approach by the businessmen. Forty per cent of the merchants employ from one to five persons, while only a handful are in the "big-business" class. When this correspondent visited the school, the question of doing a better sales promotion job was being considered. Lieut.

Gov. Joe R. Hanley and Nelson A. Miller, chief of the Marketing Division of the United States Department of Commerce, were the principal speakers that evening.

"Why are prices so high?" a young veteran, in business only a few months, wanted to know. "What can we do about checking inflation?" another asked. "Do you consider cash discounts an important factor in retail business?" a third inquired. "Certain wholesalers sell to retail stores at 33 per cent off, and to large department stores at 40 per cent off. Is that fair business tactics?" a Poughkeepsie merchant inquired.

These were serious practical questions, and they were treated in a serious manner. President Fuller, serving as moderator, kept the session sprightly and at the same time on a high level. Here was a lesson in adult education

that had far-reaching implications. The motivation was present—and the give-and-take between the audience and the speakers showed clearly that the project was a success.

"I've doubled my insurance on my business since coming here," a small businessman said.

"I intend to make drastic changes in my inventories," another added.

"Until now I never realized that I could set up a simplified accounting system," commented a man who has been in business for 20 years. "I wish this school had been started years ago; it would have saved me money and plenty of headaches."

"Frequently colleges have been criticized because they tend to withdraw from the everyday life about them. Bard has adopted a positive policy of searching for

new ways to serve the people of the region. This, it believes, will help both students and faculty to view the educative process for undergraduates in the perspective of general social goals to be attained. Dr. Fuller holds that active participation by students and faculty members in the study of community needs will give the college new insights and more understanding of the role of higher education today.

"We shall not be bound by tradition in establishing new programs to meet our needs," Dr. Fuller emphasizes. "Times, places and modes of teaching will be determined by the nature of the jobs to be done rather than by any preconceived notions of the best way to educate. When we and our neighbors have decided what needs are to be met, we shall bring to bear all the imagination

we can muster for determining what procedures will be most effective."

"In keeping with this philosophy, Bard will sponsor a Summer Playhouse and School of the Theatre, to be held this season on the campus. It will mark the beginning of a cultural center for the mid-Hudson Valley region, to be operated as a community project. Work in music, the dance and art is to be added later.

"As in the case of the School for Small Business, the Playhouse project was not approved until Bard found that the community wanted such a center. Many individuals as well as local business and civic groups have endorsed the enterprise. A group of neighbors is being organized as an advisory body to work closely with the college. In this way Bard hopes to become a center of intellectual

and artistic activity for the people of the region."

Came spring, housecleaning used to be a terrible ordeal. Mother would start at the top and work down, tearing everything apart, including herself. Father would head for the woods! By the time the cellar was reached, everyone would feel like they had been through the wringer!

Times have changed. Nowadays, we don't make a major project of spring housecleaning. With continuous hot water always at hand, and with the help of a vacuum cleaner and a washer, we do our housecleaning all year 'round a little at a time.

Probably there isn't a single other appliance for the home that has made life easier or more comfortable for the housewife than the Automatic Water Heater—

not only for housecleaning but for house-keeping, as well. The convenience of it . . . just to reach out a hand and have piping hot water any time you want it!

Yes, to help take the work out of housework, an Automatic Water Heater is a MUST for every home. Make it a must to see your appliance dealer or plumber soon. McKENNEY ON BRIDGE

Trumping Opening Lead Is Question

BY WILLIAM E. MCKENNEY
America's Card Authority
Written for NEA Service

When I retired as executive secretary of the American Contract Bridge League on the first of the year after 20 years of service, Curt H. Reisinger of New York, an old friend, was elected secretary.

Reisinger was treasurer of War Orphans Scholarships, Inc., and vice president of Children's Cancer Fund, Inc.

The Curt H. Reisinger Trophy for the Eastern States open team-official regional championship is one of the oldest contract bridge trophies in play. Today's hand came up during that event this year.

The bidding shown is the way it occurred at a table I kidnaped. Some employed Blackwood, and most pairs arrived at six spades.

In practically every case the diamond king was opened. With the ace of clubs opening declarer would have no problem, but with the diamond opening there was a question as to proper play.

Should declarer win the first diamond with the ace, or should it be trumped in dummy?

It was generally agreed that the

♠ 885	♥ J43	♦ KQ64	♣ A64
♠ KQ74	♥ 972	♦ A872	♣ None
♠ None	♥ None	♦ None	♣ 532
♠ A1092	♥ A5	♦ None	♣ KQJ9
♠ J	♥ Q1086	♦ J10553	♣ 1087
♠ J	♥ Q1086	♦ J10553	♣ 1087
♠ J	♥ Q1086	♦ J10553	♣ 1087
♠ J	♥ Q1086	♦ J10553	♣ 1087

king of diamonds should be trumped in dummy with the deuce of spades, and the next play should be the deuce of clubs, trumping in the West hand with the three of spades. Then a small spade should be led to dummy's ace and South's jack falls.

Now should declarer lead the king of clubs and let it ride?

Analysis shows that the correct play at this point is to lead the three of clubs and trump it with the queen of spades, then lead the seven of spades and win it in dummy with the nine. Lead the five of clubs and trump it with the king of spades. Now the ace of clubs drops, and declarer makes seven.

Doyle Is Suspended As Union Official

Niagara Falls, N. Y., April 27 (AP) Charles A. Doyle, a C.I.O. official charged by the government with being an alien Communist, has been suspended as secretary-treasurer of the United Chemical Workers District Two Council.

The council voted 53 to 22 last night to suspend Doyle immediately "until such time as he be absolved of charges by the United States government or until the expiration of his term, whichever comes first."

A deportation hearing in New York city, at which he was accused of being an alien Communist, is in adjournment, subject to recall by the federal government. Doyle faces possible deportation to his native Scotland if the charge is upheld.

Miss Meissner Speaks

Miss Mary Meissner spoke to the Business and Professional Women's Club of the Y.W.C.A. on Wednesday night. She is on leave from the mission field in India. She spoke of the living condi-

where she has been supervisor of a hospital near Madras. Miss Meissner wore a native sari of pure silk and used illustrations during her talk on the country.

tions and customs to which the natives cling. She stressed the need of doctors, nurses and hospitals, improvements and education. She spoke of the modern improvements made by the British government in constructing miles of highways and inland canals. A question period followed her talk.

Wednesday night this week Miss Esther Van Gaasbeek will give a report on the Eastern Regional Conference held recently in Atlantic City.

House Warming Party

A house warming party was given Miss Margaret Lorigan at her home in Hurley Friday. A three-tier good luck cake was presented to the hostess. Those attending were the Meses. Miss Lorigan is the former chef at the Governor Clinton Hotel.

No Hats Allowed

Grand Rapids, Mich., April 27 (AP)—Delegates to the national convention of the League of Women Voters here this week won't be permitted to wear hats to business sessions. "High and fancy hats prevent proper visibility for action on the floor," explained President Anna Lord Strauss, announcing the ban at yesterday's opening session.

Concert Association Plans 20th Season, Drive Next Week

Kingston Community Concert Association will celebrate its 20th anniversary year this season. Preparations are being made for the annual campaign for members and for four concerts next season instead of the usual three during the last few years. All memberships must be made during next week. Headquarters will be in the Governor Clinton Hotel.

In reviewing the history of the organization, Mrs. Eloise P. Lovatt, secretary for 18 years and active workers, emphasized the large number of people who have been constant members for the entire 20 years. She believes more than 100 can be counted easily. This she feels is an excellent testimony to the high quality of concerts presented for Kingston audiences.

Clarence Rowland of Kingston served as first president of the group followed by the Rev. Frank B. Seelye, D.D., W. Whiting Fredenburgh, Dr. Frederic Holcomb, and N. LeVan Haver. Mrs. Louis Kepler is now secretary and Joseph Craig, treasurer. Other treasurers have been Harry En-

sign, Harold Clayton and Vernon Miller.

The original group was founded by Signurd Spaeth, popular musician and speaker known as the Walker, Mrs. William S. Ellinge, "tune detective." Among some of

the workers, all volunteers, who have been active with the association since its start are Mrs. Harry P. Dodge, Mrs. Harry B. Hanstein was campaign manager. She resigned during the war when she moved to Washington, D. C.

John N. Cordts, Sr., Miss Florence Cordts. For many years, Mrs. Allan Hanstein was campaign manager. She resigned during the war when she moved to Washington, D. C.

and Mrs. Benjamin Johnston filled her place. Admission to concerts is by membership card only. No single concert admissions will be available.

SENDING AN ANNOUNCEMENT TO FAMILY

A rather unusual question is this one: "We'd like to send birth announcements to friends, among whom are a mother and father and their grown son all living at the same address. How do we properly send one announcement to all three?"

This brings up the real taboo against writing a grown man's name under that of his parents. (Under his father's name alone, it would not be out of place.) Since this family apparently consists of only the one son, my suggestion is to address the envelope to "Mr. and Mrs. and write on the announcement itself, "Please to Mr. and Mrs. and their son."

Is it right about this girl? Dear Mrs. Post: My son, who wants to marry his "best girl" to have supper with us, thinks I am the one to ask her. She is a very nice girl, but I think she is not quite ready to be married. I don't know if I should let her go or not. I am sure she is a very nice girl, but I think she is not quite ready to be married. I don't know if I should let her go or not.

Answer: Your son is right. At least the first invitation should be extended to you. A girl with proper instincts would not feel comfortable to come otherwise. If you were very friendly to her and made her feel at home, it would be all right at another time for her to come. Mother would like to see her to supper, or to come to the house.

Old Rings for New? Dear Mrs. Post: I've never had an engagement ring and have been married for years. My husband would like to buy me one, but I don't want a new one. I have a very old one which I have worn since I was a girl. I don't know if I should keep it or not. I am sure it is a very nice ring, but I don't know if I should keep it or not.

Answer: To discard your real wedding ring and replace it with one too modern in design to have been yours surely would fail to bring to the approval of all who know you. A wedding ring is a symbol of the past and the future. It is a reminder of the love and devotion which have brought you together. It is a part of your life and should be kept as a treasure.

Answering Telephone During Dinner Dear Mrs. Post: Assuming that I am a guest at a dinner and that the hostess has asked me to answer the telephone, should I leave the table to do so? I am sure it is a very nice question, but I don't know if I should leave the table or not. I am sure it is a very nice question, but I don't know if I should leave the table or not.

Answer: The ideal place to be at is on the seat of your chair. If you are a guest, it is better to leave the table than to stand and answer the telephone. If you are the hostess, it is better to stand and answer the telephone than to leave the table.

Mrs. Woodard Heads 20th Century Club For Next Year

At the final study meeting of the year Monday afternoon Twentieth Century Club elected Mrs. Raymond H. Woodard, president; Mrs. G. N. Wood, vice president; Mrs. Herman Schwenk, secretary; and Mrs. R. P. Baylor, treasurer. The meeting was held at the home of Mrs. A. D. Monell, 165 Elmendorf street. Mrs. Herbert W. Rhodes was unanimously voted a member of the club.

Miss Mary Ingalls read her paper on Racial Tolerance describing the effects of the environment on the development of an individual. She spoke of scientific experiments which proved that the color of the skin had nothing to do with the intelligence of the person. She said that the white man, although by no means in the majority, has kept his brothers of different color from rising to heights they might have reached in business, art and professions. Religious beliefs do not determine what kind of American citizen the person will be she noted. She also pointed out that racial intolerance is not only prevalent in foreign countries but also at home.

A social hour with refreshments was held at the close of the evening. A dinner will be held at Ye Snow Drop May 19 when Mrs. W. S. McNab of Schenectady will be the speaker.

hard fact that there are those in the world who respect nothing else but force.

"We shall adequately prepare ourselves for any such argument if there still be those who mistake the link of us as pacifists—at any price."

"Justice and Honor"

As has President Truman, Vandenberg said, justice must include both justice and honor.

Summing up, Vandenberg said that if he were talking with Stalin he would tell him:

"We cannot be driven, coerced or pressured into positions which we decline voluntarily to assume; that we will not bargain in human rights and fundamental liberties anywhere on earth; and, undecaying everything, that we shall not surrender to Communist conspiracies in the United States."

Vandenberg spoke after Senator Ferguson had suggested that a test case be brought against the Communist Party in this country to determine its legality.

A victory for the government, Ferguson said, would "destroy many of the Communist front organizations which plague us."

Glee Club Scheduled To Begin Music Week Observances Here

In observance of National Music Week, the second annual service of music by the Catskill Glee Club will be given at St. James Methodist Church, Sunday, 8 p. m., under the sponsorship of the church's Sanctuary Choir. Rolland Heermance will conduct, and the Rev. Merrill C. Johnson, pastor of the church assisted by two members of the club, the Rev. C. John Westhof, Blue Mountain Reformed Church, Saugerties; and the Rev. Vernon C. Nagel, First Reformed Church, Catskill, will take part in the service.

The Glee Club has 57 members this season and will offer several a cappella numbers as well as selections with both piano and organ accompaniment. Mr. Heermance will sing a solo and the male quartet of the club will do a group. Miss Ruth Neita will be accompanist at the piano and C. Franklin Pierce at the organ.

Doors will open at 7:30 p. m. The public is invited to attend. A collection will be taken to defray the expenses.

Car Hits Pole; No Injuries Reported

Continued from Page One

Patrolman Frank E. Sammons reported to police headquarters this morning that sometime between 1 and 2 a. m. today an automobile struck a light pole on North Front street near Green street. The automobile was badly damaged, Sammons said, and was taken off the street by its driver.

Later today, police learned the car was owned by William Dugan, 29 East 124th street, New York city, and driven by his son, William J. Dugan, of Brooklyn. No injuries were reported.

After investigation by police, it was stated by police officials today that everything was in order, and no arrests were made.

The light pole was not damaged by the accident, police said, but the glass bulb was broken.

Dykstra Will Be Installed at Hurley

Former Gardiner Pastor Takes New Charge

The Rev. John Dykstra, formerly of Gardiner, will be installed as pastor of the Hurley Reformed Church Thursday night, it was announced today.

The Rev. Raymond J. Pontier, pastor of the Church of the Comforter, and president of the Classis of Ulster, will preside and preach the sermon at the installation service which is scheduled to start at 8 p. m.

The Rev. Garrett J. Wall-schleger of New Paltz, will deliver the charge to the minister, and the Rev. Robert G. Dickson, former pastor at the Hurley Church, and now at Saugerties, will deliver the charge to the people.

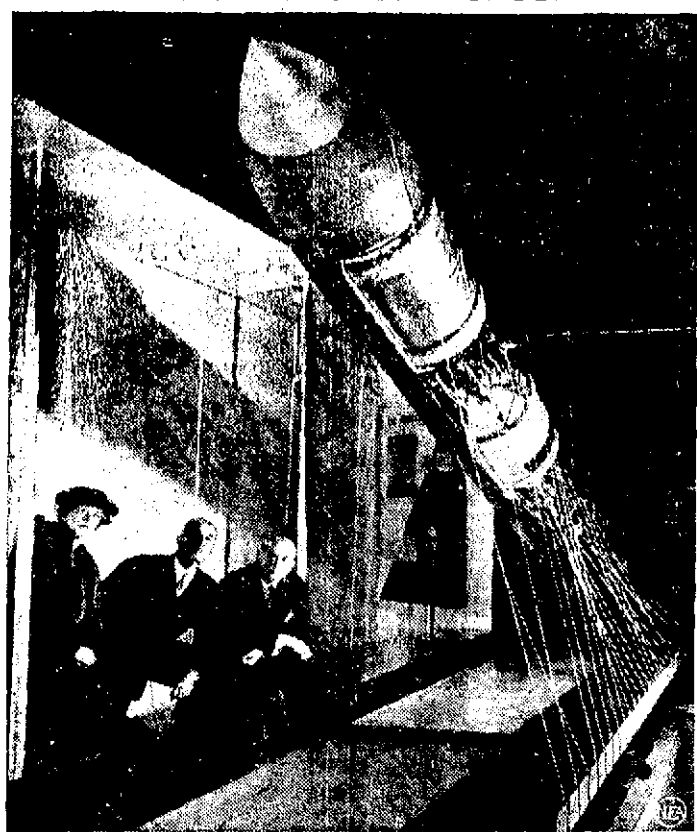

A graduate of the New Brunswick Seminary in May, 1944, the Rev. Dykstra was pastor of the Gardiner church for almost four years. The former pastor of the Hurley church was there for nearly five years before his recent transfer to Saugerties.

Jones Dairy-Morgan's City League Inaugural Set for May 18

League Plans Double Round And Playoffs

City Baseball League managers voted to play two rounds and five days a week, with Jones Dairy, 1947 champions, and Morgan's Restaurant, Shaughnessy playoff winners, clashing in the seasonal opener on May 18.

Decision to play rounds and several other matters affecting the twilight loop's operations was made at a meeting of the managers last night at the Y.M.C.A.

President Thomas M. Davitt told the league directors that the opener will be staged with considerable fanfare, including a broadcast.

The league will operate on the usual Monday through Friday schedule, with the regular season to be followed by the Shaughnessy playoffs which proved so popular in 1947.

Umpires selected for the season were Bill Schwab, Bill Murphy and Johnny Phelan, with Pat Deane retaining his job of ground keeper.

The league voted to contribute \$10 to the Y.M.C.A. financial campaign, a drive now seeking to raise \$10,000 for youth work in Kingston.

The next meeting of team sponsors and managers will be held at the Y.M.C.A. on Monday, May 3 at 7:30 p. m.

Mains Goes Against Beacon

Clark Mains, Kingston High School's brilliant right hander, went to the hill for the second time this season, against Beacon High at 4 p. m. today in the Dutchess city.

Impressive in a five inning stint against Cardinal Farley in the seasonal opener which Kingston captured 8-1, the blonde right hander was expected to go the distance.

Catch Bill Burke expects to use the same starting lineup of Mains and Lay as the battery; Gheare, R. Scheffel, Rienzo and Gruenewald in the infield; B. Scheffel, Ken Lowe and Dick Dulin in the outer garden.

Port Jarvis is here for the DUSO League opener on Friday.

City League Headed by Bill Kuehn

Bill Kuehn was elected City Bowling League president for 1948-49 at the annual election and banquet held last night at Immanuel Hall.

Other officers named were Gus Weldemann, vice president; and George Robinson, secretary-treasurer.

Members of Jack's Restaurant, league champions, were guests of honor at the dinner. The members of the squad were John Ferraro, Raymond Roux, captain; Dick Howard, Larry Weishaup, Jimmy Secreto and Charlie Tiano. Trophies were awarded the championship team, individual members, and to the bowlers who rolled the highest single on each team; the high average and high single and series for the season.

President Jack Martin opened the meeting and Howard "Red" Spaulding served as toastmaster. Guest speakers included John Mochell, bowling coach of W.K.N.Y. District Attorney Louis G. Bruhl and Charlie Tiano, Freeman sports editor.

Newark—Shamus McCrea, 145, Cleveland, out-pitched Aaron Perry, 149, Washington, D. C. (10).

PGA Qualifying Rounds Start

New York, April 27 (AP)—None of the Big Berthas of professional golf apparently will be missing when the money boys get together on St. Louis next month for their own private feud—the National P.G.A. Championship.

Most of the top shotmakers sat on the sidelines yesterday while a large part of the field was being divided in sectional qualifying tests.

Those "name" performers who had to work for an entrance ticket came through without mishap.

Thirty-one golfers—including leading money winner Lloyd Mangrum, National Open Champion Lew Worsham and such stars as Jim Ferrier, Ben Hogan and Byron Nelson—were exempt from qualifying.

They will join the P.G.A. field at St. Louis' Norwood Hills Country Club May 19-25 along with 103 sectional qualifiers and 25 top finishers in the National Capital Tournament at Washington, D. C., next week.

Three-Round Schedule Set

The City Softball League voted last night to open its season on Monday, May 10, under a new system of play prescribed by Eddie Reilly, newly-elected president.

Under the proposed setup, the league will play three separate rounds which will produce four teams to play in a semi-final series, the ultimate winners to play in the finals.

The winners of each of the three rounds and a fourth team having the best won-lost percentage for the year but not having won a round will be the contestants under the new setup.

Teams entered in the league are Royal Grill, Newcombe Oil, Veterans of Foreign Wars, Union Hose, Subway Grill, Soranton, Lac, Skelley's Delivery, B'nai B'rith and Cordis Hose.

An all-star game will be played at the conclusion of the second round.

Rules Changed
The new president denounced existing conditions whereby managers agree on ground rules before each game, and declared that a uniform set of ground rules must be written for the entire season. He appointed a committee of three, Tom Qualliere, Joe Mannello and Bill Brooks, who, with President Reilly will tour the five diamonds to be used to decide what permanent ground rules will be in effect at each diamond.

The manager of the home team will be responsible for the scoring of the game and will be required to call the result into the league president's office immediately after the games.

Official boxscores must be kept and mailed to the secretary so that batting averages may be tabulated. Increased efficiency in scoring will be necessary if this plan is to be carried out.

Colonial League Set for Opener With Six Teams

Stamford, Conn., April 7 (AP)—The year-old Colonial Baseball League will open its second season tonight with Port Chester, N. Y., a charter member team, meeting a newcomer, New Brunswick, N. J.

The circuit remains a six-club league with teams in Port Chester and Poughkeepsie, New York; Stamford, Waterbury and Bridgeport in Connecticut, and the New Brunswick club in New Jersey.

Last year New London was in the circuit but the prevalence of heavy fog, which caused the cancellation of several games, prompted Owner Ted Laviano to transfer the franchise to New Brunswick. Ed Kobesky, a former outfielder for Jersey City and Soranton, will manage New Brunswick.

With the exception of Zeke Bonura at Stamford and Al Barilari at Port Chester, the other managerial faces will be new. Steve Mizerak, a former shortstop of Erie, Pa., will handle the reins at Poughkeepsie; Mike Kash, a pitcher who won 20 games for Waterbury last year will pilot the Timers this season, and Glenn Snyder who hit .365 in the Texas League last year will manage Bridgeport.

McMahon Flops In A.B.C. Test

Detroit, April 27 (AP)—Winners of last year's American Bowling Congress tournament remain true to the A.B.C. tradition that champions seldom repeat.

Junie McMahon of Chicago, last of the 1947 titlists, bowed out yesterday. He won both the singles and all-events crowns a year ago with scores of 740 and 1,965, but the best he could do in the current competition was 599 in singles and 1,844 over the nine-game route.

In the 45-year history of the A.B.C. classic, only one man, Danny Sutton of Rochester, N. Y., has won more than one singles title. Two Brooklyn bowlers, the late Johnny Smith and Earny Spinella, each annexed the all-events crown twice.

Citation Entered In Derby Trials

Louisville, April 27 (AP)—Preliminary symptoms of the annual "Kentucky Derby fever" broke out today as Calumet Farm prepared to parade Citation before the home folks for the first time in his young turf career.

The winter book favorite for Saturday's \$100,000 mile and a quarter classic and his sensational stablemate, Coaltown, were cautiously entered with three other colts for this afternoon's derby trial at Churchill Downs. Post time for the one mile affair from the chute is 5:20 p. m. (E.S.T.).

However, it was generally conceded that Coaltown, in razor sharp trim, would be scratched. Coaltown captured the Blue Grass Stakes at Keeneland, Ky., only last Saturday, and is all set for Saturday.

This would leave it up to William L. Brann's Escudro, Howard Wells' Eagle Look, C. A. O'Neill, Jr.'s Galedo, and Citation.

Stockton, Calif.—Dado Marino, Honolulu, stopped Tommy Rhett, New York (1). (Flyweights—weights not available).

Y.M.C.A. Solicitors Are Honored

These solicitors have raised their \$50 quotas in the financial campaign being sponsored by the Y.M.C.A. and are being presented with pins in recognition of their efforts for the association which needs \$19,800 to carry on its program for

the ensuing year. From left are William H. Baker, Jacob Camp and Ethel M. Hornbeck. Presentations are being made by Dwight McEntee, Sr., chairman of the drive. Another collector, Thomas Saccaman, was absent at the time of awards, but he is in the \$50 group also.

\$5,262 Reported By 'Y' Workers At First Meeting

At the first report meeting on Monday night campaign workers collecting for the Y.M.C.A., which seeks to raise \$19,800 to carry on its program for the ensuing year, solicitors turned in \$5,262.18 to General Chairman Dwight McEntee, Sr., who praised them for their fine work and urged that interest be continued in the campaign for funds.

The major portion of Monday's collections was reported by Lloyd LeFever, chairman of the initial gifts committee. His group turned in \$4,169.50. Eleven teams covered thirteen city wards in a house to house canvass brought in \$1,092.68.

Chairman McEntee, noting that the ward collections surpassed those of past years, was of the opinion that the quota asked for would be reached by his enthusiastic workers. The next report meeting is scheduled for Thursday at 7 p. m. in the Y.M.C.A. auditorium.

Radio-Telephone Used in Work by Central Hudson

Played Big Part in Installation of Cable From Marlborough to Pleasant Valley

Central Hudson Gas & Electric Corporation just completed the laying of its first 110,000 submarine cable as a part of its new \$1,500,000 transmission line from Pleasant Valley to Marlborough. Not only is this a new type of cable for Central Hudson but radio played a big part in its installation.

On the Marlborough side, there was a large winch that could exert a pull of 18,000 pounds, and on the Chelsea side, there were three big reels each holding a length of cable approximately 3,000 feet which would reach clear across the river.

A single one-inch steel cable was drawn through the pipe which previously was laid on the bottom of the river; and to the steel cable was attached each of the three single conductor cables which were to be drawn into the pipe to form the three-phase conductor.

When the man in charge at Chelsea was ready for the man in Marlborough to start pulling the cable, he spoke directly to him over the short-wave radio. He instructed him to "pull the cable a foot," "stop," "pull faster," or "what have you, just as though he was right alongside of him."

In times gone by, the means of crew-to-crew communication over a long distance would have been through the medium of signaling by flags or lights. Today, the radio-telephone is used, and each crew on either side of the river was equipped with one. As you can readily surmise, these sets enable the crews to work with greater speed and accuracy. They have come to depend on this system for quickly obtaining additional information and instruction while on the job.

The radio-telephone is another means at their command for making their work easier, safer, more time-saving and accurate.

Plays Them by Braille

Quincy, Mass., April 27 (AP)—Doris J. Lynch, 30, pleaded guilty in District Court yesterday to registering horse bets and was fined \$100. Lynch, totally blind, kept his horse plays in Braille.

News of Our Own Service Folks

First Two Marines

The first two marines enlisted through the office in the central post office, and who are on their way to the recruit depot at Parris Island, S. C., are Louis T. Sottile, 403 Washington avenue, and William Bandis of Edenville. Recruiters in charge of the local station are T/S T. J. Cook and Sgt. Clayton J. Lester. They are on duty Monday through Friday from 8 a. m. to 4:30 p. m. except Saturday when the office closes at 12:30 p. m.

Guard Nears Its Goal

Albany, N. Y., April 27 (AP)—The National Guard will reach its authorized strength of 261,000 by June 30, predicts Maj. Gen. Ellard A. Walsh, president of the National Guard Association. General Walsh, adjutant general of the Minnesota National Guard, conferred yesterday with Governor Dewey and Brig. Gen. James T. Brown, New York adjutant general. He said the guard was within "striking distance" of its membership goal.

Two Men Killed By Explosion in Brooklyn Plant

New York, April 27 (AP)—A shattering series of explosions followed by fire killed two men and demolished a gas company building in Brooklyn late yesterday.

A dozen other persons were injured, two critically. A large area of the waterfront was shaken.

The blasts blew out sections of the walls of the three-story building and broke windows in buildings a block away. Cause of the blasts was not determined definitely.

Police estimated that at the time of the explosions 50 persons were inside the building, which housed the gas production division of the Kings County Lighting Company.

Large gas storage tanks nearby were not damaged. The fire was brought under control in about three hours.

The dead were identified as Edward Hehr, 24, a watchman, and Michael Golen, 46, a pipefitter's helper.

The two critically burned men are Patrick Kelleher, 30, paint foreman, and John Costello, 40, a welder.

Officials credited William Burns, 48, chief engineer, with preventing further explosions and a greater casualty toll.

Despite burns of the face and hands and a broken left wrist, Burns went to a storage tank at the rear of the building and cut off valves leading to the gas production unit.

Ralph E. Titus, vice president of the company, said production of gas had been shut off in the building to permit installation of a new meter.

City Fire Marshal Thomas P. Ensey said workers told him gas vapors had been heavy in the meter room, and that workers had been taking turns going outside for fresh air. He theorized the sparks caused by friction between tools or an open flame set off the blast.

The company manufactures artificial gas for home and industrial use. The plant is at 35th street and First avenue.

Acting With Authority

St. Joseph, Mo., April 27 (AP)—A carload of police raced to the spot where a telephone caller reported a man was trying to force a small screaming girl into his automobile. No arrest was made.

The mother told police: His small daughter had spent the day with her grandparents and thus far had resisted all efforts to coax her out of the car. A spanking had been responsible for the screams the neighbors called police about.

Tuffy Got Back

Seattle, April 27 (AP)—Tuffy, the Howard Bishop's wandering dog, was back home today after a four-year disappearance. The 11-year-old, husky-spitz dog wandered about four years ago while the bishops were living in Italy.

The bishops didn't know how Tuffy got back, but he previously had made the journey from Seattle to Lisle by car and they believe he remembered the way and walked back. "He looked tired," said Mrs. Bishop.

Will Meet in London

London, April 27 (AP)—Representatives of the five countries in the western European union will meet in London this weekend to start talking about joint defense.

A British cabinet spokesman said subjects to be discussed include greater standardization of arms by the five countries—Britain, France, Belgium, The Netherlands and Luxembourg—and the prospects of getting military supplies from the United States. Some informants said the British hope eventually to get an agreement for complete standardization of the arms of all five countries with the United States. Meetings now are under way here to put into effect the joint defense clauses of the pact signed in Brussels last month by the five powers for formation of a union of western European countries.

Quadruplets Die

Detroit, April 27 (AP)—The last of four tiny babies born yesterday to Mrs. Anne Borg died early this morning in a Detroit hospital.

Born prematurely, the three girls and one boy were given a good chance to survive at first. But two died late in the afternoon, a third died at 10:55 p. m. and the last succumbed at 1:25 a. m. The 28-year-old mother was reported in good condition. Her husband, Joseph, also 28, is a pipefitter employed by the Ford Motor Co. The babies, each weighing less than two pounds, were delivered by Dr. Edward King at Providence Hospital yesterday morning and placed immediately in an incubator. The Rev. Fr. Gerard Berry baptized them Joseph, Mary, Margaret and Anne.

Russians Deny They Used Term 'Biting'

Berlin, April 27 (AP)—The Russians said today they did not accuse American soldiers of biting elderly German women on the streets of Berlin. It was all a translator's mistake, they said.

What Maj. Alexander Kotikov actually said in the Berlin kommandatura meeting last Friday, the Soviet Army's official publication reported today was that a 60-year-old Berlin woman had been "severely misbehaved" by American troops, but the interpreter got it wrong and quoted him as saying "biten."

The paper, Tagliche Rundschau, said Kotikov and the translator both corrected the error but that the western press "just didn't pay any attention because it wanted to make a cheap joke in order to confuse a really earnest issue."

NEW PALTZ

New Paltz, April 26—The Rt. Rev. Horace W. B. Donegan, D.D., Suffragan bishop of the Diocese of New York, will make his first official visit to St. Andrew's Episcopal Church, New Paltz, April 28, and will administer the sacrament of confirmation in the evening at 8 o'clock.

Mr. and Mrs. Fred Conklin and mother, Mrs. Flora Aldrich of Walden, visited at the home of Mr. and Mrs. Emory Conklin Sunday afternoon.

Mr. and Mrs. Jeffery Wiersum were weekend guests of Mr. and Mrs. Raymond Miller at Cooper'sville, Mich., where Mr. Miller is science teacher in the Cooper'sville High School, Central school district.

Mrs. Wiersum is the former Miss Marie Jenkins, daughter of Mr. and Mrs. G. Willard Jenkins of New Paltz. Mr. Wiersum, who is a junior from Hope College, Holland, Mich., is a pre-medical student and pupil of Mr. Huber and concert master of the Hope College orchestra.

Last Tuesday Phyllis Darrow, soprano, a senior from Plainfield, Mich., and Mr. Miersum, violinist, presented a joint recital in the chapel at Hope College.

Next year Mr. Wiersum will enter the Albany Medical College.

St. Andrew's Episcopal Church will sponsor a food sale at the church May 1 from 11 to 5 p. m.

The "Spring Frolic," an informal dance, was held in the high school gym Friday night sponsored by the Thespian and O.M.S. Societies.

Geraldine Jamulowski was chairman of the entertainment.

Deadlock Is Reported

New York, April 27 (AP)—For the second time within a week, federal efforts to settle a strike of the unionized employees of the New York Stock Exchange ended yesterday in a deadlock over the wage issue. As the walkout entered its fifth week, representatives of the exchange and of the United Financial Employees (A.F.L.) met at the offices of the Federal Mediation and Conciliation Service. Walter A. Maggilo, chairman of a three-man mediation panel, said later that the stalemate continued and that no further sessions had been scheduled. The strike will continue, said M. David Keefe, president of the union. Emil Schram, president of the exchange, which has continued to operate, said "it looks as though we have explored every possibility and found no basis for agreement."

Fish Eggs and Hens'

By FRANK TRIPP

There are a lot of reasons for the expression "poor fish" so often aptly applied to suckers of the human race. This yarn has to do with one of the good reasons.

Out in front of our house, in proper season, men of the Conservation Department come in a boat and put out long nets to capture the big Seneca Lake trout and "strip" them. They're getting eggs for hatcheries.

Experts who angle long hours with Seth Green rigs and 300 feet of copper wire, to garner just a few of the big fellows from the deep water, look on with envy as scores of them are taken from the nets.

While we sometimes suspect that these favored souls may have trout to eat when we have none, still no doubt they throw them all back. It's sometimes done at night from bobbing boats, but from the shore we can watch the operation under lighted lanterns, or loil alongside in a speedboat.

The fish will often be two feet long, sometimes longer. Their roe is extracted by a numbing but not fatal stripping process known to men who understand fish better than do folks who eat them. Once cheated of their forthcoming brood the mother fish go back to Seneca's depths to breed more eggs.

I never asked how many of these premature deliveries a fish stand or if there's evidence that the same fish has been victim more than once. That doesn't matter for there are lots of fish, though hard to catch.

Seneca is very deep and clear and its average depth for a 36 mile stretch is 500 feet; gets down to 634 which is nearly 200 feet below sea level. It freezes seldom, never deep, while its sister Finger Lakes freeze deep every winter. It is not a land-locked lake. Every year boats sail around the world and fish may come and go as do the boats.

It often yields a "pinkie" of the salmon breed which came from afar and have been known to migrate 1,300 miles. At Seneca's southern end the rainbow trout go to spawn each Spring up Catharine Creek where record

catches are brought forth. There anglers from far and near gather and at season's opening stand almost shoulder to shoulder in the stream and along its banks.

But don't go there with hook, line and confidence that you can fill your stomach and deep freeze. You must take an expert angler's craft along if you would bring home big ones and have your name engraved on Izaak Walton books.

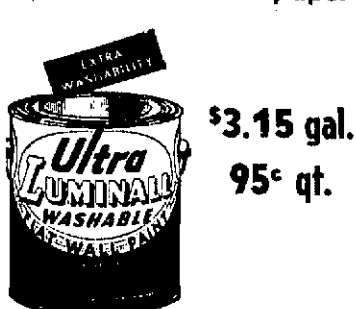

The wonder that there aren't more fish comes with knowledge of their roe. The total number of eggs in the roe taken from a single fish is from 23,000 to 33,000. If all of these hatched and grew, enough generations of them would overflow the streams and lakes. Only one egg of 5,000 becomes a full grown fish.

The average restaurant serving of shad roe will run about 10,000 to 15,000 eggs. So you only devour two or three potential legal sized fish when you eat a meal of roe. If you didn't eat the thousands, bigger fish would.

Speaking of eggs, have you heard of the scientific plans to have hens lay eggs that will keep longer? I don't pretend to know how they hope to reason this out with hens and induce them to cooperate. Hens are pesky things. So far as I know

it has never yet been learned why a chicken crosses the road. I only know that it's a lucky hen that makes it nowadays.

It seems that an egg, left in a nest or exposed otherwise to one warm day will deteriorate the equivalent of a month's repose under refrigeration. The Chinese must have had the answer for they kept eggs for centuries. I never ate one knowingly but have thus suspected some I've had.

Up our way we're delighted with the likes of city folks who want their hens' eggs white and uniform in size. We take and love the brown ones and the bigger they come, the better. Those of double yolk are highly prized. Often one of them will be twice the average size and give ample breakfast to a hungry man.

But hennessy whites, which we call big-livered eggs, are what the cities want. That's swell with us. The reason is, I hear, that cooks who work by printed rule must have an egg of size that measures up to what an egg would be in flossy books of recipes. Why they must be white I don't know.

Our women folks can judge an egg when broken in a cup. They know that often one big egg will equal two the rule prescribes.

Anyway we don't live much by blueprint up our way.

Costly Cyclotron Will Be Built at California Site

Berkeley, Calif., April 27 (AP)—A \$9,000,000 cyclotron which may be the ultimate tool for solving the mysteries of atomic energy will be built at the University of California with government money.

It will be a racetrack-shaped magnet 110 feet in diameter which will whip atomic bullets around its course until they reach speeds exceeding 60,000 miles an hour. These speeds will give them striking force ranging from six billion to 10 billion volts.

With these bullets scientists will bombard atoms to produce mesons, which are mighty little packets of energy and matter and which apparently are the key to the deepest secrets of nuclear energy.

The project was announced last night jointly by Dr. Ernest O. Lawrence, cyclotron inventor, and

David E. Lillenthal, chairman of the Atomic Energy Commission. The main part of the big machine will be a magnet weighing 13,000 tons.

Construction probably will require about five years. The cyclotron will remain the property of the government but the university will have the greatest possible degree of autonomy in operating it, Lillenthal said.

The A.E.C. chairman added that

the plans reflect the determination of the United States to remain "pre-eminent" in the development of atomic research as long as the prospects for international agreement on atomic energy control remain poor. He described the present prospects as "remote."

The new research colossus will be about 20 times as powerful as the university's 4,900-ton cyclotron, Dr. Lawrence said.
